

WE URGENTLY NEED MORE SPONSORS

This year we have taken on more children in need of a proper education, including 20 youngsters at Grace of God Primary School. We now have a total of 70 students in our sponsored education scheme.

Please email: dawn@childrenofugandauk.org for details.

Your support will make all the difference to their futures

BSUF

Buyemba Suubira Uganda Foundation

BSUF Founder Annette Mbedha with UK Trustee Jon Exton

"I want to thank all our sponsors & supporters for your ongoing support.

As our Education Sponsorship Scheme matures we are starting to see the fruits of our labour.

As well as getting a good education, many of our students are now achieving vocational qualifications to better provide for their future. And we are so proud of our 3 students now at university.

As we have taken on more young students, we need new sponsors. Just £10 a month can pay for a child's school fees and other basic needs. Please put out the word. Thank you."

Annette Mbedha

An extra acre is given to BSUF for the Community Centre Project

In September, UK Trustee Jon Exton returned to Uganda to review the progress with our Community Centre in Butansi and to follow up with the architect appointed to the building project. New plans will shortly be available, detailing the various buildings, which include a Health Centre, an Arts & Cultural Centre, a Community Hall & catering area, a Youth Centre, a Skills Development Centre, accommodation blocks as well as a games area & a children's play area.

While there, Jon met with the Community Leaders, who were pleased to inform him that an extra acre of land had been given to BSUF for the project. This allows a bigger area for agricultural projects and a demonstration garden, to help make the Centre self-sufficient.

Butansi Community Leaders meet with Jon Exton

Jon and Annette meet three bright boys all needing help with their education

Denzel & Abbey's families had difficulty paying their sons secondary school fees, so BSUF has stepped in to support the two boys.

And here is BSUF Trustee Peter Mugogo with Cosmas, who we are also supporting at Busoga College in Jinja.

When his mum couldn't afford his school fees,

Cosmas became anxious about missing out on his classes & not passing his exams. Now he can relax and fully concentrate on his studies. He is very grateful and has already written letters thanking both Children of Uganda (UK) and BSUF for their generous support. Cosmas hopes to train to become a doctor. So we are now seeking sponsors for these three students.

Women's Self Help Groups Update

Jon attended one of Annette's micro funding groups, where members reported on their progress and sought for additional funds for their enterprises.

A new home for Prossy & Mum

We have taken an interest in ex BSUF student, Prossy and her Mum for a while now. First of all we funded a bicycle for Prossy, when we heard she had a 2 hr walk to her tailoring course in Kamuli. Then when we visited her home we discovered that her mother was virtually blind and the shack they

New Accountant for BSUF

BSUF announces that they have appointed Philip Basangwa as their Accountant. Philip is based in Kamuli and he will be closely involved in processing and recording the costs for the important new Community Centre building project.

lived in was not fit for purpose. We have sought medical help for Mum and it was diagnosed that she has cataracts in both eyes. We then have arranged for a new house to be built for the family, which is currently awaiting the finishing touches. Annette, Jon & Peter visited them in September to view the progress and catch up with the family.

Jon caught up with old friends to make a small difference

Sponsored University student Kim was so delighted to be given a laptop, which will help with his studies.

Jalia was also delighted to receive some special gifts when Jon arrived. She is the little girl who suffered severe scarring as a baby. Jon is now sponsoring her at Grace of God Primary School.

Jon met up again with brothers Joseph & Denis, who both suffer from muscular dystrophy. They are both keen soccer fans and were delighted with their Arsenal and Chelsea shirts. BSUF plans to build the family a new home with better facilities for the two boys.
